

RANKED WAR

UNHINGED ASSEMBLE.

APEX LOGISTICS vs MICROWAVE MAFIA

SAT 17 OCT 2026 / 15:00 TCT / 17:00 NETHERLANDS

01 / THE OBJECTIVE

Win the lead. Fight as a faction.

Successful attacks on Microwave Mafia earn war score. Their hits earn them score too. We win by reaching the required lead shown on the war bar, not by reaching a fixed number of hits. Faction respect is not a battle-stat total.

02 / FIND YOUR TARGETS

Ask first. Hit what you can beat.

Request a personal target list from **Sparklz, Phierd, Ell or Gazza**. Suitable targets can be loaded into **TornPDA** beforehand. Ask management for the list and import help. Check the target is available before attacking; a list is guidance, not a guaranteed win.

03 / MAKE YOUR HITS COUNT

Coordinate before you click.

Read faction chat for live instructions. Pick a suitable enemy, check whether someone else has claimed them, then attack. Follow the call to leave or hospitalize; do not mug unless instructed, as mugging earns less war score. Report difficult targets instead of repeatedly losing energy.

04 / KEEP THE CHAIN ALIVE

A team job, not a race for bonus hits.

Consecutive successful attacks build our faction chain. Watch its timer and follow the caller. Outside hits can help build or save the chain when requested, but do not directly score in this war. Leave milestone bonus hits to the assigned hitter so they land on the right enemy.

05 / USE THE WAR ROOM

Live targets. Hospital timers. DIBS.

Open **tpcm.co.uk/trn/** before the war and check your setup. DIBS means claiming a target so we avoid duplicate attacks. War Room is optional; normal Torn play is fine. **Torn Intel = command. War Room = fighting.** Discord users: we are back in the chain channel.

06 / NEW OR LOWER STATS?

You still have a role.

Tell management when you can be online and ask which targets or support tasks suit you. Help with called chain hits, watch enemy availability and share useful updates. If you are hospitalized, coordinate your return with management. No suitable target? Ask before spending energy.

GET YOUR LIST. FOLLOW THE CALL. MAKE YOUR HITS COUNT.
